Editorial

Dear Colleagues and Readers

I am so glad to present Volume 3, Issue 1 of the *International Journal of Humanities and Cultural Studies* (IJHCS). Being indexed in Thompson Reuters (the first international indexing data base) opens new publishing horizons and academic avenues for the IJHCS. It, equally, imposes new challenges and objectives. Moreover, from this issue on, the IJHCS has moved to its more advanced and technically rich website through the use of the popular Open Journal System.

The journal keeps faith in multidisciplinary perspective. Articles published in this issue, reflect different theoretical and applied concerns in humanities, cultural studies, management, linguistic studies among other disciplines. As a matter of fact, this new issue includes works of the research scholars from different countries which reflected the international nature and scope of the journal.

As usual, I sincerely thank our respected authors for selecting the IJHCS, our reviewers for reviewing the selected articles for this issue and the Administrative Board for its contribution to helping the IJHCS achieve this success. Next issue will be published in September 2016 and your valuable contributions are welcome till 10 August 2016.

With Best Regards,

Dr. Hassen Zriba

Editor-in-Chief
